ALAN FLETCHER

HENNIE HAWORTH

LUCY STEPHENS

## INTRODUCTORY DAY TASKS

Welcome to Coulsdon Sixth Form College Visual Arts department.

In this session you will learn about the A/level Graphic Communication course at Coulsdon College and experience the facilities the college has to offer you.

Your first project will be about typography, handmade and digital techniques and the artists that specialise in typography. In this session you will use a concertina to record a series of experiments by selecting words to embellish with a range of materials. Use as many words as you like and as many materials as you like.

Be bold, be beautiful, be happy!

After the session take your concertina home and complete the summer tasks on this sheet. Bring your concertina to your first lesson in September.

## SUMMER TASKS

1. Collect images from 4 designers on this sheet.
2. Write down what you like about their work. Can you describe how the work has been made?
3. Make your own word (typographical) design inspired by your favourite designer
