## INTRODUCTION

Welcome to Coulsdon Sixth Form College Visual Arts department. Let me introduce you to the first project on the A/level Graphic Communication course at Coulsdon College.

Our first project is about typography using handmade and digital techniques and the artists that specialise in typography. Letters are just shapes but you can do so much with those shapes!! Size, shape, colour, direction, layering, combining with image and so much more.

## SUMMER TASKS

1. Take a look at all the designers on this sheet and write about your 3 favourites. Include what you like about their work. Can you describe how the work looks. Any ideas how it's been made? Include images if you can.
2. Create your own word (typographical) designs as follows:
  1. One inspired by your favourite design from task 1
  2. One using typography from recycled materials in some way (labels, packets etc. combine with other materials?)
  3. One that expresses you and your personality

In each case, think about your choice of materials and what you can communicate through your designs. Be bold, have fun!

### HOW TO SUBMIT YOUR TASKS:

Please email me your tasks to [helena.vaughan@coulsdon.ac.uk](mailto:helena.vaughan@coulsdon.ac.uk)
